

## HALL COUNTY BOARD OF CORRECTIONS MEETING SEPTEMBER 6, 2005

### BOARD OF CORRECTION RYE JIM SENDN 7YES

Dave Arnold present statistic included for July and August average 111 inmates booked 743 males and 183 females out of 743 had 1400 offenses average of two per person breakdown of agency arrests last year were down during this same period last year number have been going up

Emmett's report spends a lot of time at the park

Administrative report for April, May, and June Nebraska Dept of Corrections housed two inmates and we say they want to make sure that they take them the state budgets half of what they need to pay. Increase of arrests but the grants do not provide dollars for housing the more enforcement the higher the numbers that are incarcerated creates crowding problems especially in the booking area

A week ago Firday had two visitors from Mexico consulted vice council and department of protection wanted list of Mexican nationals that the county had in custody has not heard anything back offered to translate the inmate handbook offered to do free will be read before printed

Rated for 125 beds if at 80% full cannot classify has a lot of overnights half of the people are released in the first 24 hours hard to judge on the classification

His newest corporal came from a prison in Florida has some first hand knowledge of the problems

Corporal Jimmy Vann problem with space and segregation medical suicide on Saturday night had a block causing problems on weekends hard to run with 6 people need more cell space inmates because of drugs are difficult to handle they are fully staffed are going to hire 3 more they will help need more training

Arnold mentioned space also an issue on classification rival gang members no place to put them in booking cannot determine this before they are put in a cell put in the bull pen and it takes time to process difficult area to manage just a need for space

Hartman to many sergeants they all work in the jail has 6 and all work in the jail Jeffries questioned 9-11 4-6-9 this takes time what are the visiting hours questioned the number of hours jail standards require two hours for every prisoners per week may not use all two hours but this is required by jail standards

Executive session board of correction Jeffries motion and Jim second 7 yes

11:00 executive session

11:25 a.m.

Go out Jeffries rye go out 7 yes
